A Testimonial

This is to certify that Jnana Prabodhini's Rural Project at Harali, Dist. Osmanabad, has installed the SIBF System for Waste Water Treatment developed by M/s Energy Tech Solutions Pvt. Ltd., Pune.

The ecofriendly system installed by the above agency of 10 m³ capacity is giving excellent service as the treated water is used for gardening/landscaping purposes. The firm has monitored the working of this plant during different seasons of the year.

We wish them all the success.

For Jnana Prabodhini

V.S./Subhash Deshpande
